LABOR BOARD.

In Effect at Our Naval Station Since January 1.

The following is taken from the Palmetto Post, published at Port Royal, S. C., January 11th:

"The new system of employing labor at the naval station here went into effect on the 1st. It has been in operation at the navy-yards since September 1, 1891, and has given great satisfaction. Mr. T. V. Ballard, of the Norfolk Navy-yard, has been detailed to install the system at this station. Mr. Ballard is an expert in the line of labor employment. His thoroughness and ability in this line are pronounced. He is a most pleasant gentleman. The object of labor boards or boards of employment is to so arrange as to supply competent mechanics and workmen without delay or inconvenience to the station. This system has proved satisfactory to conscientious workmen, because favoritism is eliminated and merit wins. Persons desiring to make application should write to or call at the office of the labor board, at the station, for blanks, etc. Veterans of the civil (Union) and Spanish-American wars, honorably discharged from services, are given first preference. All workmen in future will be employed through this board. First come, first served. Mostly laborers have so far applied. Skilled mechanics should take advantage of the opportunity and register as early as practicable."

The following naval orders have been issued:

Commander C. W. Rae is detached from the naval training station, San Francisco, Cal., and ordered to Newport News, Va., an inspector of machinery.

"THE LITTLE HUSSAR."

A splendid rehearsal of this opera was held Thursday night. It is not only the most pretentious yet undertaken, but decidedly the best rendered. The chorus is the finest Mr. Shipp has ever gotten together, and the cast superior to any she has ever had. The voices are exceptionally good, and the dramatic action beyond criticism. Miss Elizabeth Hill, who takes the leading role of "The Little Hussar," has long had a reputation for great histrionic talent, and the part assigned to her gives great scope for the display of her powers. Her voice is wonderfully sweet, clear and sympathetic, and from start to finish the audience will be in rapport with her. It is a delight indeed to see and hear her and an inspiration to her support. We predict great success for this very beautiful opera, which will be given Friday, January 19th, and Monday, January 22d, for the benefit of the City Hospital, an institution greatly needed among us. Tickets are on sale at Schmol's book store. Rehearsal Monday night with orchestra.

COULD NOT TRUST HIMSELF. Yesterday morning a white man, who gave his name as John L. Garris and claimed to have come from Severn, N. C., dropped in at the station-house and asked to be locked up. He said that he was afraid that he might kill himself. He was extremely nervous and excited, and seemed to be in considerable trouble. He said that he had been separated from his wife for a year, she living in North Carolina, while he was farming in North Carolina.

He came to this city two weeks ago in hopes of having a reconciliation with his wife, but she would have nothing to do with him. He said that when they separated he lived on Green street, in this city, but afterwards moved to Severn, N. C.

Dr. Culpepper was sent for and prescribed for him, and after he had eaten a breakfast he was allowed to lay down in the station-house on a cot. He had not been drinking, but was simply laboring under a mental excitement and would in some rash moment have done himself harm.

MEETING OF THE COMMITTEE.

A meeting of the committee appointed from the Board of Trade of the two cities, the Councils, labor unions and workmen of the yard was held last night at the Board of Trade rooms to formulate a plan of operation when they go to Washington.

Mr. John A. McDonald explained the object of the meeting and said that the work at this yard was getting low, and that unless some steps were taken to secure more work the 2,500 trained workmen would have to be discharged.

The work done here on the Texas and Raleigh speaks for itself, and gives the workmen of this yard the right to ask that a cruiser or a battleship be built here, especially when the comparison between the amount of repairs done on these ships to that of the new ships built here is taken into account. He said that in the past year over one million and forty-seven thousand dollars had been spent at this yard. He then said the nomination of a permanent president was in order.

Mr. John A. McDonald was nominated, and the meeting insisted on his serving as permanent president. The plan of operation was then laid clear, and it was decided to go on Wednesday next.

A sub-committee was appointed on Statistics, and after some other minor details were arranged the meeting adjourned.

IN MEMORIAM.

LITTLE CHARLIE PORTER ORR, AGED NINE YEARS, DIED JANUARY 6, 1898.

A bright link has been severed. From our happy family's chain. But the one from whom we are parted, is now free from care and pain.

Sleep on, dear Charlie, sleep on. Sweet rest to thee is given; For though we mourn thy earthly form, Thy spirit is safe in Heaven.

With Him who loved thee, more than we Could ever love our child; Now sheltered in our Saviour's arms, At last from tempests wild.

We've laid thee where the zephyrs blow, And where the sweet birds sing; And o'er thy grave will violets bloom At each returning spring.

We had to say farewell to thee, On this terrestrial shore; But we will meet in Heaven again, Where parting's no more. There all our loved ones we will greet, Who have before us gone; And united be in the angelic band Around God's glorious throne.

BY MRS. SAD
